The PHILIPPINE JOURNAL OF PSYCHOLOGY is the official journal of the Psychological Association of the Philippines. It prints original studies and research work by psychologists and other social scientists in fields related to psychology in the Philippines. Manuscripts and other editorial contributions should be addressed to:

The Editorial Board, Phil. Journal of Psychology, Psychological Association of the Philippines, Philippine Social Science Building, Don Marcos Avenue, Diliman, Quezon City, Philippines.

### SOME NOTES FROM THE EDITORS

First of all, the Psychological Association of the Philippines now has a permanent office and manuscripts for the Philippine Journal of Psychology may be addressed to this office:

The Editorial Board  
Philippine Journal of Psychology  
Psychological Association of the Philippines  
Philippine Social Science Council Building  
Don Mariano Marcos Avenue  
Diliman, Quezon City

Secondly, the editors wish to update a note published a few years ago (Editors, 1980) outlining the editorial policy of the Journal. As psychology continues to be one of the most progressive and relevant of the modern sciences, it is more than ever necessary for psychologists to keep attuned to research and theoretical developments in the field. In our psychological community, the Philippine Journal of Psychology seeks to serve as the vehicle for the communication, dissemination, and exchange of information on the state of the science. In this capacity, the Journal welcomes submission of articles in the following categories:

1. Empirical studies
2. Methodological articles
3. Case studies of high quality
4. Literature reviews
5. Monographs
6. Papers expressing an idea, a definition, or a concept
7. Short critical notes written in the scholarly tradition
8. Rejoinders that lead to the solution of problems
9. Book reviews

Manuscripts submitted will be evaluated carefully by the Board of Editors and at least one referee who shall be chosen from among the Fellows of the Psychological Association of the Philippines with expertise in the area covered by the article. Generally, the editors will reach a decision on a manuscript within three months of the date of submission.
